## 15 people have reported Lorenzo Disilvestro

### - Ugo De Crescenzo

Owner, Total Wipes Music Group

"The Sysadmin is a key figure about web focused business. Lorenzo has been always available, punctual and perfectly able to manage all our requests (most of them were urgently and suddenly sent so have been asked and fixed through no-office timing). We really recommend him for any kind of issue (small, middle and big companies) being him perfectly able to handle any kind of business structure."

### - Antonio de Martino

Backoffice - Inside Sales presso Eizo Europe GmbH succursale per l'Italia

"I had the privilege of working with Lorenzo on a couple IT positions at the same company. Wise employee. Proactive and open minded expert. Working with him is a signature of success."

### - Maurizio Marzagalli

Founder and Owner of MVM Consulting

"Lorenzo has always shown great professionalism and competence above all, a great curiosity, even in dealing with new and complex topics. It was a pleasure working with him."

### - Chiara Palmieri

ICT Manager & Senior Technology Architect at Lombardia Informatica S.p.A

"A few years ago, Lorenzo worked with us proving to be a good technician with ability to work in groups. He showed a strong approach to problem solving and a good in-depth technical skills. Can I report a good working experience."

### - Igor Piazza

Network Consulting Engineer

"Lorenzo is an expert system specialist with high skills on linux and web applications. His knowledge also includes networking and IT security. He is always trying to experiment with new methodologies and to stay informed about technological advances. He is really self motivated, self confident and at the same time very team-oriented and collaborative. I would recommend him without reservation."

### - Indrit Selimi

Solutions Architect at Accenture Digital - Accenture Interactive

"Lorenzo è quel tipo di professionista che quando parla del suo campo capisci che esiste un mondo intero di cui ignoravi l'esistenza. Ho avuto la fortuna di collaborare con Lorenzo sia in RGI che in RCS, in entrambe le esperienze ho trovato in lui un partner affidabile, veloce, con spiccate abilità di problem solving e con una forte capacità di spingersi oltre il problema specifico."

- **Francesco Angelillo**

Architect presso Banca Mediolanum

"Lorenzo è un professionista serio e scrupoloso. Della nostra collaborazione ricordo con ammirazione la sua competenza e la sua voglia di fare meglio e di più; l'unico rammarico è che l'esperienza di lavoro insieme sia terminata!"

- **Andrea Franzese**

Analyst and Programmer & System Administrator at UnipolSai Servizi Immobiliari S.p.A.

"It is a good system administrator and system integrator, very versatile in both Windows and Linux environment."

- **Andrea Pellegrino**

Business Developer & Operation Manager

"Ho avuto modo di servirmi della professionalità di Lorenzo come consulente su tematiche infrastrutturali per un importante cliente nel settore finanziario. Lorenzo ha dimostrato grande professionalità e competenza. Oltre ad aver lavorato in maniera egregia per il mio cliente, ha anche stabilito un ottimo feeling con i colleghi con i quali ha mantenuto nel tempo relazioni durature. E' un professionista da consigliare senza dubbio."

- **Marco Veretti**

System Architect presso RGI Group

"Lorenzo is a great system architect. Smart and fast solutions are what we need. He is able to."

- **Andrea Montanari**

DBA at RGI S.p.A.

"Lorenzo is a systems administrator with whom I had the pleasure of working, working on goals and is very prepared. Fills the gaps that this work generates constantly upgrading and looking for new solutions"

- **Paolo Godone**

Middleware System Engineer

"Something that impressed me about Lorenzo since the first day we worked together is his tireless commitment to the work. His excellent background as well as the wide area covered by his expertise make Lorenzo an important resource for every enterprise."

- **Silvio Ratto**

IT Manager

"Lorenzo ha partecipato alla definizione e realizzazione dell'infrastruttura di Outsourcing dell'azienda per le compagnie assicurative; ha maturato esperienza nelle attività di tuning dei middleware (application e database server) e messo a disposizione la sua esperienza su temi legati al networking e balancing."

- **Simone Malcangi**

Network Manager at Betacom s.r.l.

"Lavorando a stretto contatto posso dire che Lorenzo sia stata una persona ben organizzata nell'attività lavorativa, con competenza e professionalità spiccata. il team di lavoro ha sempre tratto vantaggi dal suo operato un ottimo collaboratore."

- **Attilio Palmieri**

System Administrator at Almaviva S.p.A.

"Lorenzo is very good person to workin' with. Open minded and focused on target without prejudices.It has been a great pleasure to work with him at the same project."
